## Gun Shootings in Northwest Naperville

May 21, 2019

Naperville police say a suspect is in custody for the Saturday night shooting on May 18th of two men on the city's northwest side in what authorities are saying was not a random act. Police began investigating after officers were called to Edward Hospital about midnight for a report of two men with gunshot wounds. The officers learned the men had agreed to meet another man on the 1200 block of South Route 59 in Naperville. During the meeting, police said, the man shot. Both victims remained hospitalized Monday with injuries that were not life-threatening, according to police. Anyone with information about the shooting should call the Naperville police.

#### Unlocked Cars Being Rifled through

September 9, 2019

Just a quick FYI someone, a young lady has been checking unlocked cars. My Ring saw the motion but the camera didn't capture the event. I looked outside and saw a woman walking on the side walk. When I went out to the car I noticed the passenger door open slightly and my glove box had been rifled through. Nothing of importance missing. So forewarned is forearmed remember to lock your cars and close your garage doors.

## Unlocked Cars Being Rifled through

September 9, 2019

Just a quick FYI someone, a young lady has been checking unlocked cars. My Ring saw the motion but the camera didn't capture the event. I looked outside and saw a woman walking on the side walk. When I went out to the car I noticed the passenger door open slightly and my glove box had been rifled through. Nothing of importance missing. So forewarned is forearmed remember to lock your cars and close your garage doors.
